November 2019

Dear Parishioners

Parish Council Vacancies

The Parish Council currently has vacancies in both the East and West wards of the parish. Anyone interested in becoming a parish councillor should get in touch with me using the contact details above. Please provide a brief statement telling us why you think you may be suitable for the role and any experience you may have which would be relevant.

Planning Applications

At each monthly meeting of the Parish Council, Members are given the opportunity to comment on planning applications within the Cassop-cum-Quarrington parish area. Councillors have resolved to object to an application that has been made to increase the number of properties at the Keepmoat development at St Mary's Terrace, Coxhoe. The Parish Council believes that this represents over development for the site.

Integra 61 Development

The Parish Council continues to liaise with the developers of the Integra 61 site to highlight questions and issues raised by the Members and local people about the work on the site.

Neighbourhood Plan

The Parish Council has been kept up to date with the development of the Neighbourhood Plan in recent months and were pleased to note that the process was nearing completion.

Proposed Footpath from Hilltop View to A177

Councillors have agreed to consult residents on a proposed footpath from Hilltop View to the main A177 road. This footpath was part of the original planning permission for the development, however the Parish Council wish to find out whether

there is support from residents for the footpath. The consultation results will then be considered at the next meeting of the Parish Council.

Gillian Kelly
Clerk to Cassop-cum-Quarrington Parish Council
